

PRODUCT DESIGN EXPERIENCE

Vox Media

Senior Product Designer II, Design Systems Lead *May 2024 - Present*

Senior Product Designer I *September 2022 - May 2024*

Product Designer *June 2021 - September 2022*

- Created and maintained design system for all Vox Media sites ([Vox](#), [The Verge](#), [Eater](#) & [SB Nation](#)): oversaw migration from native CMS to Wordpress and corresponding design system, managed and created new tokens for all sites to allow for bespoke brand expression, worked with developers to maintain consistency between CMS and design system and apply accessibility standards.
- Led visual redesigns of Vox and Eater, specifically article template redesigns.
- Led *New York Magazine's* subscription design and UX: designed perks landing page that had 98% conversion rate, designed & managed new features for subscription flow, registration wall, newsletter signups and account center.

Slate Magazine

Interaction Designer *May 2018 - May 2021*

- Led redesign of Slate's podcast pages.
- Conducted extensive user testing on Slate's iOS app.
- Led UI and UX of Supporting Cast, Slate's internal podcast membership service: designed a post-signup flow that saw over 90% conversion, oversaw implementation of accessibility compliance and maintained CSS and HTML for both public and admin sites.
- Worked closely with developers & editorial to create reusable CMS components.

Industry Dive

Front-end Designer *August 2015 - May 2018*
